Product Overview

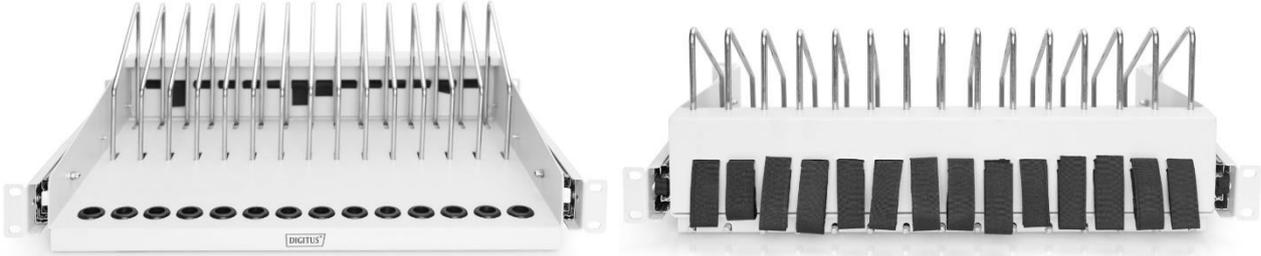

With this special shelf you can use every standard 482.6 mm (19") cabinet to store your portable devices like Tablets, Notebooks or Smartphones. Sturdy steel straps offer space for up to 14 devices. On the front side there are holes and velcro tapes for cables so you can organize the cables of connected devices for charging. The bottom is equipped with a tray for cables. For a user-friendly usage the shelf is extendible to reach the components easily. The product is mounted on one height unit of your 482.6 mm (19") cabinet and the complete height incl. steel straps is 175 mm.
